Why GenScript?

World Leading Expert

- **17 Years** experience
- Up to 200kb synthesis capability

GenSmart® Codon Optimization

- **MAXIMIZE** the chance to obtain functional proteins with one click

CloneArk/VectorArk Platform

- **FREE** storage for your plasmids
- Always have a backup plan

GenSmart® Instant Quote

- **EASIER** interface to price your project in 1 minute

One Stop Solution

- Gene Synthesis
- Cloning and Mutagenesis
- Plasmid Preparation
- Protein Expression
- Antibody Services

GenSmart® Design

- **FREE** online DNA construct design tool
- Automatic error-checking
